HCC Basic Eagle Online Faculty Training Guide

Quizzes Changes

This handout explains the changes in Eagle Online 2 after the new update. This handout assumes you know how to add a resource and create settings for that resource.

Quiz Settings

1. Under **Timing**, you can now set what happens when a student does not submit a quiz **When time expires** (submitted automatically, grace period, or no credit given).

Quiz Editing

The interface for editing a quiz has changed significantly. It is much easier to repaginate the quiz, move questions around and add or remove questions as needed.
Add Questions

1. To add questions, select the Add button on the right side of the screen.

2. To add a new question:
   a. Select Add a new question
   b. Choose the type of question desired on the left column
   c. Select the Add button
   d. Enter the information as usual

3. To select a question from a question bank:
   a. Select Add from question bank
   b. Select a category
   c. Click the box next to the question you wish to add
   d. Click the Add selected questions to the quiz button

4. To add a random question:
   a. Select Add a random question
   b. Select a category
   c. Select the Number of random questions you wish to add
   d. Select Add random question
Repaginate Quiz

1. To change the number of pages for the quiz, select the Repaginate button.

2. In the drop down list, select the number of questions you want on each page.

3. You can move questions around by selecting the cross arrows next to each question and dragging and dropping the question where you want it.
